Gary,

When we were preparing for the Tinka briefing, I used a specific objection letter format to organize our direction and sent to you to work off of, re the issues.

If you have that it could be used to fill in the blanks. Would you like me to resend?

I was considering putting together a first draft of the specific objection letter, with spaces for filling in the specific bases for the objection, but thought I'd check to see where you are at on a draft. Have you started drafting anything yet? If not, how about if you wait and I'll do a first draft today that you can then work from to fill in specific bases?
